

## MRS. MANGES ESCAPES OPERATION

How She Was Saved From  
Surgeon's Knife by Lydia  
E. Pinkham's Vegeta-  
ble Compound.

Mogadore, Ohio.—"The first two years  
I was married I suffered so much from  
female troubles and  
bearing down pains  
that I could not  
stand on my feet  
long enough to do my  
work. The doctor  
said I would have to  
undergo an operation,  
but my husband  
wanted me to try  
Lydia E. Pinkham's  
Vegetable Compound  
first. I took  
three bottles and it made me well and  
strong and I avoided a dreadful operation.  
I now have two fine healthy children,  
and I cannot say too much about  
what Lydia E. Pinkham's Vegetable Compound  
has done for me."—Mrs. LES  
MANGES, R. F. D. 10, Mogadore, Ohio.

Why will women take chances with  
an operation or drag out a sickly, half-  
hearted existence, missing three-fourths  
of the joy of living, when they can find  
health in Lydia E. Pinkham's Vegetable  
Compound?

For thirty years it has been the stand-  
ard remedy for female ills, and has  
restored the health of thousands of women  
who have been troubled with such ail-  
ments as displacements, inflammation,  
ulceration, tumors, irregularities, etc.

If you want special advice write to  
Lydia E. Pinkham Medicine Co. (confi-  
dential) Lynn, Mass. Your letter will  
be opened, read and answered by a  
woman and held in strict confidence.

### The Drys to Moberly

Moberly seems to be attractive  
for men with a thirst. The Mo-  
berly Monitor of last Friday  
says:

J. W. Fox, of Salisbury, ap-  
peared in police court this morn-  
ing to answer to the charge of  
drunkenness. He entered a plea  
of guilty and was fined \$2 and  
costs. A companion was given  
a like fine, which he paid.

### Avoid Sedative Cough Medicines.

If you want to contribute di-  
rectly to the occurrence of ca-  
pillary bronchitis and pneumonia  
use cough medicines that con-  
codeine, morphine, heroin and  
other sedatives when you have a  
cough or cold. An expectorant  
like Chamberlain's Cough Rem-  
edy is what is needed. That  
cleans out the culture beds or  
breeding places of the germs of  
pneumonia and other germ dis-  
eases. That is why pneumonia  
never results from a cold when  
Chamberlain's Cough Remedy is  
used. It has a world wide repu-  
tation for its cures. It contains  
no morphine or other sedative.  
For sale by all dealers.

### Joe Musick Dead

Joe Musick the youngest son  
of Mr. and Mrs. William Musick  
of south of Brunswick, died Oct-  
ober 11 of inflammation of the  
brain at the age of eleven years.

Mrs. George Brooks of Salis-  
bury was the guests of relatives  
here the latter part of last week.

## Consumption Takes 350 People Every Day

in the United States and the sur-  
prising truth is that most cases are  
preventable with timely, intelligent  
treatment.

These appalling facts should warn  
us that after sickness, colds, over-  
work or any other drains upon  
strength, Scott's Emulsion should  
be promptly and regularly used be-  
cause tubercular germs thrive only  
in a weakened system.

The tested and proven value of  
Scott's Emulsion is recognized by  
the greatest specialists because its  
medical nourishment assimilates  
quickly to build healthy tissue;  
aids in the development of active,  
life-sustaining blood corpuscles;  
strengthens the lungs and builds  
physical force without reaction.  
Scott's Emulsion is used in tuber-  
culous camps because of its rare  
body-building, blood-making prop-  
erties, and because it contains no  
alcohol or habit-forming drug.  
Be sure to insist on Scott's.

Scott & Bowne, Elmfield, N. J. 12-79

### Patterson to Pen

Jesse Patterson who formerly  
resided in this county later of  
Howard county, who was sen-  
tenced to five years in the peni-  
tentiary for abusing his wife,  
and was paroled, was taken to  
the penitentiary to serve his  
sentence. He was paroled, one  
of the conditions being that he  
would abstain from liquor. He  
fell on this proposition and will  
have to serve time in the peni-  
tentiary.

### Saved County \$7000

The farm adviser of Dade  
County vaccinated 1504 hogs  
half of these being sick when  
treated. Only 3.65 per cent of  
the stock died and of this per-  
centage nearly two-thirds were  
small pigs not worth more than  
\$.3. The dean of the College of  
Agriculture believes that the  
saving to the county is at least  
\$7000 and considers this figure  
low.

### Only A Porter

Harland Winfrey, a "cullud  
gemen" from Chillicothe is in  
town and is portering at the  
Rucker shop. Tuck says he is a  
good porter. He ought to be as  
he sleeps well and is hearty and  
vigorous in his laughing apparat-  
us with sufficient huskiness to  
shine at least 500 pairs of shoes  
per day.

The period of Forty Hours  
Devotion celebrated annually in  
the Catholic churches, commenc-  
ed Sunday October 19, at the  
morning mass, at 10 o'clock.  
The services continued through  
Monday and Tuesday.

### Power Wasted

A few years ago Niagara Falls  
was harnessed to all sorts of  
manufacturing plants and  
electric light plants and power  
institutions for hundreds of  
miles. The great Keokuk Dam  
is completed and power and light  
will be furnished to the cities  
not only near by but hundreds  
of miles away and numbers of  
them, and then there will be  
power and light to spare.

The Chariton river capable of  
being harnessed and furnishing  
power and light without limit to  
every town within 50 miles  
is running away from us today.  
A small dam, a turbine wheel  
and dynamos would furnish  
electric power to every point  
between Moberly, Macon City,  
Carrollton, Marshall, Slater and  
Glasgow at approximately less  
cost than either of the towns is  
paying for their individual plant.  
At least every town in this  
county could be easily reached  
and supplied with electric light  
and power by a comparatively  
cheap use of this river. Any-  
how, the Musselfork creek is  
flowing serenely along and no  
use whatever is being made of  
it, when this city could have all  
the power and light it would  
need for 20 years if it grew to  
five times its present size and by  
a simple little dam, wheel and  
dynamo. What is the matter  
with us? If the city owned a  
herd of horses they would all be  
turned out on the commons in-  
stead of being put to use. What  
can we expect of others, when  
we do nothing for ourselves?

ficient security within ten days

### Editor's Fancy Work

The Triplett Tribune editor  
commenting on the fact a Topeka  
man took the first money at the  
Kansas State fair for embroidery  
and other fancy work this year  
in competition with hundreds of  
women, says that he, the editor  
of the Tribune took the same  
prize for fancy work at the To-  
peka fair a year ago. The rest  
of the editors in Missouri have  
to give it to the sister in Trip-  
lett and the only consolation we  
can offer is the brave advice of  
"hop to it."

### Wants Jury to Work

While empanneling the grand  
jury in Randolph county Monday  
Judge Waller gave them broad  
instructions. He told them to  
look into the affairs of the coun-  
ty officials; to investigate option  
deals; to investigate railroads as  
to proper blocking of frogs and  
switches; the buying of fees by  
court officials; violation of the  
game law; the violation of liquor  
laws by drugstores, saloons and  
clubs; to investigate bribery or  
reported attempted bribery of  
officials or jurors. The law was  
laid down to the grand jury  
about selling of liquor by clubs.  
He said the club had no right  
that did not inhere in the in-  
dividual and had no more rights  
in selling liquor without a li-  
cense.

luck would have it, I had a large  
bottle of Chamberlain's Cough  
Remedy in the house. After

### Those Athletics

Apropos of athletics at the  
high school, it is to be noted  
that there is to be a "horseshoe"  
contest at Rosedale, Mo., next  
Sunday when experts from the  
villages of Missouri and Kansas  
will be entered. Why not, Hon-  
orable Schoolboard, let the boys  
at the high school practice  
throwing horseshoes. This is  
elevating and not too strenuous.  
If horseshoe is too strong, let  
them play drop-the-handker-  
chief. Yet it is reported a few  
days ago that two boys playing  
this game ran together and the  
concussion brought serious re-  
sults. It begins to appear there  
is nothing left for the boys to do  
here but play "thumbs up" or  
"jackstones," if they want to  
indulge athletics.

### 6 lbs. Butter Daily

A Holstein owned by Stevens  
Bros. of Liverpool, N. Y. has  
broken a record by producing a  
fraction more than 44 lbs. of  
butter in a week of seven days.  
She cost \$10,000 and the owners  
think she is worth the money.

Illinois buyers were strong in  
the field last week in buying  
heavy feeders to be put on short  
feed. They took the cream of  
the heavy weights in the feeder  
division. The market kept  
pretty well up.
